

AgSkilled: Skills in Project Management

Whether you are a single farmer or working on large or multiple farms you will be running projects. You may want to test new farming methods or implement new systems or develop your skills to sit on an Industry Committee or Board. Good project management is essential to making farms as productive, competitive and profitable as possible

FORSYTHES TRAINING – YOUR ENDORSED AGSKILLED REGISTERED TRAINING PARTNER

This means we can work with you to provide customised training, accessing AgSkilled funding, to support your training requirements in business management. You may want a national qualification or just want to gain or brush up on particular skills. We customise training – you pick the skills you need.

You can also package these skills up with training in other areas such as leadership, Microsoft computer skills, safety, emotional intelligence, mind, health wellbeing and resilience.
